To Enter Lake District Hospital or Medical Clinics (*Hospital and Warner Mtn*)

Use South 7th Street to approach the Facility

- Traffic directors may help direct as you approach
- Stay in your vehicle and proceed to the circular patient drop-off in front of the main entrance
- Continue to stay in your vehicle. A screener will approach your car and ask some pre-screening questions. They will also take your temperature, pulse, and oxygen saturation readings. If an additional person is in the car and may be entering the building, they must also be pre-screened. If you pass the pre-screening, you will receive a sticker indicating your pre-screened status.
- After the pre-screen, you will be directed to park and enter from one of the following:
  - Northeast parking lot and enter through the main lobby doors where you will be further escorted to your destination.
  - Southeast parking lot in the “Doctors Parking” area. *Remain in your vehicle.* You will be attended by staff who will come out to you.
  - Enter the Emergency Department only if instructed to do so.
- Once inside the building, sanitize your hands and go directly to your destination (clinic, admitting, etc.). Greeters will assist you.
  - Please do not linger anywhere, not even to purchase a drink at the coffee cart (our apologies).
  - *AS SOON AS* you complete your visit, return to the main lobby, discard your pre-screening badge in the trash, and exit through the main door lobby.

Thank you for your cooperation as we work to make healthcare safe for all.
