COVID-19 safety precautions:  
Is all of this REALLY necessary?

To keep your family and community safe, the short answer is yes.

We are still learning about this new virus, and while many younger people seem to be having milder symptoms, for anyone over 60 or with underlying health issues, COVID-19 is deadly serious and the list of risk factors that apply to all ages is increasing. Please do not assume that you are immune and this virus is no big deal.

We're all in this together and we're all connected. Keep self-isolating as advised to reduce the risk of transmitting this virus unknowingly.

## **County Update**

The Commissioners are working diligently to keep all unnecessary foot traffic out of the County buildings. The Lake County Courthouse and Annex have suspended open public access this week. Appointments can be made for time sensitive business; however, we are trying to conduct all business by phone or email to accommodate the Governor's recommendation for social distancing practices.
