OHA Update

COVID-19 has claimed 4 more lives in Oregon, raising the state's death toll to 33, the Oregon Health Authority reported at 8 a.m. today.

Oregon Health Authority also reported 49 new cases of COVID-19 as of 8 a.m. today, bringing the state total to 1,181. The **new** COVID-19 cases reported today are in the following counties: Clackamas (7), Clatsop (1), Deschutes (4), Klamath (1), Lane (1), Linn (1), Marion (6), Multnomah (15), Polk (2), Washington (11). To see more case and county-level data, Oregon Health Authority updates its website once a day:
www.healthoregon.org/coronavirus.

Oregon's 30th COVID-19 death is an 83-year-old female in Marion County, who tested positive on March 28 and died on April 5 at Legacy Meridian Park Medical Center. She had underlying medical conditions.

Oregon's 31st COVID-19 death is a 98-year-old female in Marion County, who tested positive on April 1 and died April 5 in her residence. She had underlying medical conditions.

Oregon's 32nd COVID-19 death is a 71-year-old female in Marion County, who tested positive on March 30 and died April 2 in her residence. She had underlying medical conditions.

Oregon's 33rd COVID-19 death is a 91-year-old female in Washington County, who tested positive on March 27 and died April 6 at Providence St. Vincent Medical Center. She had underlying medical conditions.

Public Health Update

People that are being tested out of county but are Lake County residents, will now be part of the results updates. Those test results have just started coming in and we'll be adding them. If you have questions, please call Lake County Public Health at 541-947-6045.

39 tests have now been completed; 37 negative test results have come back with 2 tests pending.

It is critical to emphasize that maintaining 6-foot social distancing remains important to slowing the spread of the virus. CDC is additionally advising the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others. Cloth face coverings fashioned from household items or made at home from common materials at low cost can be used as an additional, voluntary public health measure.
