Dear Elementary Parents,

We want to maintain updated information as our school situations change. At this time the Governor's office has directed us to close our schools for the remainder of the school year and provide "Distance Learning for All".

Your child's teacher will indicate what assignments need to be scanned back for a grade. As school work is scanned or sent back electronically, teachers will be able to provide feedback. Grades will be taken in math, reading and writing. **Students who do not participate in distance learning in the areas of math, reading and writing as designated by the teacher as "graded" will receive an incomplete for the 4th quarter grade.

Oregon Schools are mandated by the Oregon Department of Education to issue a report card in a "Pass/Incomplete" format. Many students currently see a letter grade on Pinnacle, our grading system. Our staff feels it is important to provide feedback in a letter grade format to our students versus a "Pass" grade on all assignments. The average of the letter grades will change to a Pass/Incomplete at the end of the 4th quarter. I know this can be confusing. Please email me, if you have any questions. My email is warners@lakeview.k12.or.us.

All other subject areas will receive a grade of "Pass" at the end of the 4th quarter. Please consider the materials coming home for social studies, science, health, music and P.E. as supplemental curriculum.

Our student's progress in their academic career is a top priority for our staff. All teachers have virtual office hours. This is a set time they are available to directly make calls to students/families and answer emails at their homes. Teachers are strongly discouraged from coming into the school to work, so they are working from home like most of the USA. If you need help scanning your student's work or have internet issues, please contact your child's teacher or the school office. There are several apps you can download to your phones that are user friendly. At this time email is the best method of communication.

If you have enrolled your student in an online program, and we have not received a request for their records, they are still considered our student by the State of Oregon. The State of Oregon requires that we issue a report card for each student in our enrollment.

Any K - 12 students can pick up breakfast and lunch each day at LHS from 8:00 a.m. to 10 a.m. We are providing food service delivery on bus routes on Tuesday, Thursday and Friday in the morning. Please notify the elementary school offices if you are on a bus route and would like to sign up for meal delivery. These meals are free to any student.

We appreciate your patience and partnership as we shift our educational services while we receive guidance from the Oregon Department of Education. We recognize parents have been put into a stressful and challenging situation. We are your partner and will help however we can. If you or your child feels, we are not meeting their educational needs; please email the teacher or elementary principal.

Updated information will be provided through the School Messenger system, the district Facebook page, and the elementary school and district website. It is important to regularly check these avenues of communication as the situation evolves. Please call our elementary school offices with any questions at 541-947-2553 or 541-947-2136.

FAQs

1. Why should my student complete the school work in this format?

Answer: We are providing school work to maintain academic skills through distance learning. However, we anticipate gaps in learning for our students due to the school closure. Consistent exposure to academics is essential. Overcoming gaps in learning is difficult while new concepts

are introduced. Our students will still be accountable for future benchmarks and testing in years to come.

2. How do I contact my child's teacher?

Answer: Please email them directly with questions about curriculum. All staff emails are on our district website.

3. Will my child be repeating their current grade level?

Answer: No, all students will be promoted to the next grade level with the understanding that next year's teachers will be reviewing and teaching lower grade material as needed.

4. Will students be attending school during the rest of the school year?

Answer: No, students will remain in a "Distance Learning for All" format for the remainder of the year.

5. How and when can I pick up my student's belongings from their desk? What about returning library books?

Answer: We will open the A.D. Hay Gym for parents to pick up student belongings for a final time, June 5th from 8:30 a.m. – 2:00 p.m. Teachers will package their desks into paper bags with their name on them. If you have textbooks or library books to return, we will have a bin to place them into in the gym at this time. We will have another collection for textbooks at the end of the year if students need to keep them.

Mrs. Warner's suggestions on Support at Home:

- Time management, everyone's schedule is going to be different. The key is to have a schedule and reward yourself when you meet it. Some of our students cannot sit for long extended times so schedule class time throughout the day if possible.
- Provide a learning environment free from unnecessary distractions.
- Have your child take care of the course work they do not need support with first (when you are not there) and relay that it is okay to ask the teacher questions.
- Check your email regularly for teacher/school communication.
- In an effort to support fluid communication between school and home it is imperative the school has the most up to date phone and email for parents/guardians. If you believe yours is incorrect or has changed please contact the elementary office to 541-947-2553.
- Updated information will be provided through the School Messenger system, the district Facebook page, and the elementary school and district website. It is important to regularly check these avenues of communication as the situation evolves. Please call our elementary school offices with any questions at 541-947-2553 or 541-947-2136.

Important dates

May 27 – Last batch of school work mailed to students

June 5 – Last day to accept work from students

June 5 – A.D. Hay Gym open to return library books, text books and Chrome books

June 11 – Last day for food delivery and pick food service

June 10 – June 12 – Teacher check out

Sincerely,

Susan Warner, Elementary Principal

Adel/Plush
